Dear Sir/Madam,

The Economic Policy Research Network (EPRN) jointly with FES Rwanda are organizing the 2022 Edition of the

Female Working group on Socio-economic transformation

to empower Rwandan women in their role in the socio-economic transformation. Through this forum, EPRN jointly with FES Rwanda will organize several workshops and discussions sessions from February to October 2022 around the overall topic "Socio-Economic Transformation".

Deadline for receipt of applications: **Sunday, 12th of December 2021**, 4pm

Information Session:

Wednesday, 1st of December 2021 - 3pm (virtually) - please follow us on Twitter or register info@eprnrwanda.org or info@fes-rwanda.org (until **Tuesday, 30th of November**) to receive the credentials without registration we will not be able to send you the ZOOM credentials).

The contribution of women in the socio-economic development is undeniable, However, there is still a long way to go to improve gender equality and gender mainstreaming across different development sectors to empower women. It is in this regard that FES Rwanda together with EPRN are organizing a female working group on socio-economic transformation that will continuously work on related topics and discuss internally and together with national, regional, and international experts to ensure the gender perspective.

We would therefore like to request your institution/organization to delegate one female candidate potential to be part of this program.

Interested participants could **apply** directly here: <https://forms.gle/8JBQkawk5NdGdpbM8>

Note that, due to limited spaces, there shall be a selection process to determine a final list of participants to this second cohort. The selected candidate could be one of your senior team members who is able to share her experience on the subject matters and be able to transfer the acquired knowledge to the rest of your team.

Here attached is a concept note about the program for your easier reference.
